

EPISODE 310: "The Final Showdown"

Tribal Council, Night 17

Immediately after Osten's boot, an argument erupts between former partners and friends, Amanda and Tijuana.

Amanda - *does a happy dance* I was getting really worried that maybe I should have used it, but you guys gave me the easy route to the Final Three. THANKS GUYS!!!!!!1

Tijuana - um amanda. not quite lol. I still have mine dummy.

Amanda - I know, but I still have one too. Game on!

Lill - Don't the idols expire now?

Tijuana - Amanda, it's sad how hard you try to suck up to certain members of the jury. Are you insecure?

Amanda - They already like me.

Tijuana - I'm sure Courtney and James like you cause you kissed their asses while they were in the game and now you're giving them oral sex while they're on the jury.

Amanda - They were my friends since day one. You betrayed people on the jury, I didn't. Wouldn't you expect them to like me over you guys?

Lill - No, no really.

James - 😊

Christa - 😊

Amanda - Well, then you're fucking stupid. The only person I actually betrayed was Brianna, and what I did didn't make any difference overall.

Tijuana - I just beat your friends to the punch 😊. So what you're saying Amanda, is that like you, we should all just sit back and rely on luck and our partner to further ourselves? I mean, let's not forget the TC where Christa was voted out...

Amanda - I haven't relied on luck or you. It's funny that you say I've relied on you, because you fucking back-stabbed me so I was able to stay in this game in spite of my partner being a lying piece of shit. And what about that TC? What did I do that was wrong?

Tijuana - I didn't backstab you. I never voted for you until this past round. You're the one that decided your new friendships were more important than trying to still work with your partner so you decided that because I voted for your friends that would have eventually voted for me I was the bad one. Also, the TC Christa went it easily could have been you...if not for your partner. And let's not forget how easily Lill pushed your buttons...

Lill - What a great jury! 😊 I really hope I can get to the end and face the love fest... 😊

Osten - 😊

Amanda - Would you blame me? You lied to me and I didn't have a reason to trust you any longer. So me, James, Todd and Ryan orchestrated a possible tie scenario that would catch you guys off guard and that obviously went to shit. Whatever, Ti. You're attempt at making me look bad in front of the jury is cute. Noble attempt, really.

Lill - Amanda was all hot on voting Christa out. I suggested other targets, but nooo, she had to have Christa's head.

Christa - 😊

Lill - I did help make it happen... but I was really annoyed at Amanda the whole time... 😊

Amanda - Maybe because SOMEONE was making up bullshit things about me and slandering my name for no reason whatsoever. Then you wanted to keep Christa for 'drama reasons'. That had me convinced that you were playing a seriously stupid game.

Lill - At least I had a reason to keep Christa in the game. You had no reason at all for booting her. "ooh she made me a target!! I'm so scared!" 😊

Christa - 😊

Lill - I really did like you, Christa...and I really enjoyed starting the war between you and Amanda...

Amanda - You had no reason to play games with Christa and convince her that I was the 'leader' and 'biggest threat'. Maybe you should have kept Christa, maybe she would have had the mental capacity to take me out that you obviously haven't had. Shut it bitch.

James - 😊

Lill - you are so funny... and so gullible. I can't believe how easy it was to pull your strings and push your buttons... If Jeff hadn't rewarded Todd for quitting you'd be sitting there making smilies at me, and you know it.

Amanda - Whatever. You can keep saying that's unfair until you are blue in the face. You've had the chance to take me out ever since I got my Idol and you didn't. It would have been RIDICULOUSLY easy to take me out tonight, and you weren't smart enough to do it. If anyone is in desperate need of kissing jury ass, it's you, Tij.

Tijuana - Shouldn't the players and jury not be talking to each other directly? Anyway, I don't believe in kissing ass. It's fake. I have reasons for all my actions and they are all valid. I did what I needed to set myself up to get far in this game. I chose to not rely on others and took control of my game.

Lill - True Dat. Tijuana and I have been ruling the game for most of the game...

Amanda - And yet I'm still here. 😏 At least I have some respect for Tijuana and Andrew. You have taken credit for so many things that you HAVEN'T DONE in this game. I will truly be ashamed to be a part of this game if you win this.

Lill - 😊

Amanda - No intelligent rebuttal? Hmm.

Andrew - Do you see this nonsense jury? Remember...class, decorum, honesty...if you value these things...vote Andrew. 😏

Lill - Amanda is so funny, I just can't stop laughing at her. 😊

Amanda - You just have no defense, so you're oh so witty sarcasm is your attempt to cover that up. What a clever cunt you are.

Lill - At least I didn't make it to F4 by blind luck. What the hell have you done this game, other than bitch relentlessly?

Courtney - 😊

Lill - Courtney is 10x the strategic player amanda is.

Amanda - It clearly wasn't blind luck, you stupid twat. I had helped formed what I believed to be a solid alliance, then I got fucked over. I developed a plan with James' help that could have worked out, but it failed. ONE lucky event lead to me getting the Idol, and you fucking idiots haven't been able to take me out despite me not using the Idol either time. I think that's a bit more than luck. Not to mention the fact that I haven't fucked people over and therefore have people that do want me to win this game. Your arguments are seriously lacking.

Lill - Now you're just raving.

Tijuana - Maybe you didn't have to "fuck people over" because your long term safety was never fully threatened. You know, like your so called friends trying to propose multiple F4s to everyone. Of course, your long term safety was threatened, you just didn't know about it, unless Courtney was lying to Lill about wanting you out. I don't even know why we're all arguing right now. 2 people arguing right now are wasting their time.

Amanda - I'm done Lil. You can keep convincing yourself that you've played a good game because you won't be able to convince anyone else.

James - 😡
